

# Chiyimba CDC

## Malawi

Malawi: a small but densely populated agricultural nation in southeast Africa, a country marked by poverty and deeply scarred by the AIDS pandemic. Every fifth child has lost a parent to AIDS; every eighth child is fully orphaned. These vulnerable children live in child-headed households or are cared for by elderly grandparents or other relatives and friends who can barely support their own families, making the poor even poorer.

In 2003 the Chiyimba Church of the Nazarene near Lilongwe established a ministry that helps vulnerable children with school fees, uniforms, school supplies and a daily meal. Chiyimba is a small rural community where 60% of the population survive on less than \$1 per day and half of the children don't attend school for lack of resources. The church now wants to establish a child development centre and promote better livelihoods for affected families through vocational training, health services and sustainable agricultural projects such as home gardens and dry crop planting. Wells are needed for irrigation and clean drinking water.

You can join the Chiyimba Church in helping orphans and vulnerable children by giving a one-time or monthly donation for any of these needs. **You can make a difference!**
